MAKING THE RIGHT POLICY CHOICES RIGHT NOW IS CRITICAL

**HEALTH CARE**
- Expand access to health care, including mental health services.

**FOOD ACCESS**
- Food access, and acting and enforcing strong civil rights and consumer protections.

**EXPAND ACCESS TO**
- Services that they believe they need.

**CLOSURE**
- Worker closures and school closures.

**WORK FROM HOME**
- Working from home.

**TELEHEALTH**
- Allow therapy and pay for it even if it’s only telehealth.

**ACCOUNTABILITY**
- Consider only continuing income for hard-working families who are trying to make a better life for themselves and mitigate future risks.

**UTILITIES**
- Streamline application processes and extend SNAP (SNSP) by phone. Many areas of the state don’t have utilities.

**NUTRITION**
- Home health.

**EMERGENCY**
- Enact an emergency paid sick days rule to cover local law enforcement agencies, to the best of their ability, to maintain reporting and continuing eligibility.

**ACCOUNTABILITY**
- Allow lenders to waive fees and work with distressed borrowers.

**PREPAREDNESS**
- Require insurance companies to allow for continuing eligibility and benefit amounts – we should not shut services down. Policy makers should offer paid sick leave, or the ability to work from home.

**ACCESS TO INCOME**
- Prioritize forms of aid that will replace lost earnings.

**COMMUNICATION**
- Urging Congress to include emergency assistance funding to lend to all immigrants and encourage all immigrants to determine on public charge. Expectations that they will keep workers employed.

**DIRECT & ROBUST**
- Provide supplementary financial assistance directly to homeless.

**ENERGY**
- Warn consumers about scams and predatory lending.

**CRITICAL**
- Critical steps to ensure that no one goes without, possible. Medicaid expansion has together. Hard-hit businesses may need support as well.

**ACCOUNTABILITY**
- Consider only continuing income for hard-working families who are trying to make a better life for themselves and mitigate future risks.
